Nick's Fish & Chips

There are few things more tempting than the smell of fish and chips and that is just what Nick's Fish & Chips in Smiths Falls are all about. At Nick's it is important to make the most of the product you have and with that in mind, Nick's makes their fish thinly

battered to perfection. As a perfect accompaniment to the fish, their coleslaw is freshly made as well as offering fresh cut fries. They are also known for their burgers and poutine, but offer a full array of other items on their menu.

David deGroot is the proud owner of Nick's Fish & Chips and they are located at 6 Russell St. E, in Smiths Falls. They can be reached at 613 284-1640 and you can eat in or take out is available. Come on over for lunch today.
